

4Bs PONDS FOR NATURE SURVEY

Creating a pond is one of the most important things we can do to help wildlife. Through the *Ponds for Nature* community project, the 4Bs Biodiversity Initiative team is conducting a survey of ponds and other watery habitats to help wildlife flourish. We will synthesise the results in a map and report for residents. If you have more than one pond please complete the form for each pond.

To find out more about our *Ponds for Nature* project, please visit [our website](#)

Q1 Which of these water features do you have in your property? *

- Bucket or tub sized pond?
- Car sized pond?
- Tennis court sized pond?
- Considerably bigger than a tennis court

Q2 Do you have any other watery habitats?

- Bird bath?
- Drainage ditch?
- Bog garden?
- Rain garden?
- Stream?
- Other:

Q3 Is your pond *

- formed naturally?
- or man made?
- a combination of natural and artificial

Q4 If its a natural feature does it contain water all year round? *

- Yes
- No
- Not applicable

Q5 What is the primary purpose of your pond or water feature? *

- Ornamental - to provide an interesting feature
- To provide an environment for ornamental fish
- To provide a haven for wildlife
- To store water
- Other:

Q6 What sorts of plants do you have in and around your pond? *

- Oxygenators
- Floating plants
- Deeper water plants
- Marginal plants

Q7 Which of these animals live in or visit your water feature? *

- Frogs/tadpoles
- Toads
- Newts
- Fish
- Water fowl
- Insects with wings eg dragonflies
- Insects that live on the surface of the water eg pond skaters
- Insects that lie under the water eg water beetle and dragonfly larvae
- Pond snails and worms
- Other:

Q8 Have you observed any other animals making use of your water feature? Please list the animals you have seen *

Damselflies, wasps, pond fleas.
.....

Invitation to contribute to a 4Bs Garden Pond Map

We are creating a map showing the location of ponds and other water features in the 4Bs. If you would like your pond or water feature to be included in the map as a dot, **please use the what3words link to locate your property** <https://what3words.com/> and copy-paste the 3 words below.

RH3 7JG
.....

Invitation to provide a photograph of your pond

We would like to create a gallery of pond photos on the 4Bs Biodiversity website. If you would like your pond to be included in the slideshow **please send your photo(s) to biodiversityinitiative1@gmail.com**

Through the *Ponds for Nature* community project, the 4Bs Biodiversity Initiative team is conducting a survey of ponds and other watery habitats to help wildlife flourish. We will synthesise the results in a map and report for residents. If you have more than one pond please complete the form for each pond.

To find out more about our *Ponds for Nature* project, please visit [our website](#)

Q1 Which of these water features do you have in your property? *

- Bucket or tub sized pond?
- Car sized pond?
- Tennis court sized pond?
- Considerably bigger than a tennis court

Q2 Do you have any other watery habitats?

- Bird bath?
- Drainage ditch?
- Bog garden?
- Rain garden?
- Stream?
- Other:

Q3 Is your pond *

- formed naturally?
- or man made?
- a combination of natural and artificial

Q4 If its a natural feature does it contain water all year round? *

- Yes
- No
- Not applicable

Q5 What is the primary purpose of your pond or water feature? *

- Ornamental - to provide an interesting feature
- To provide an environment for ornamental fish
- To provide a haven for wildlife
- To store water
- Other:

Q6 What sorts of plants do you have in and around your pond? *

- Oxygenators
- Floating plants
- Deeper water plants
- Marginal plants

Q7 Which of these animals live in or visit your water feature? *

- Frogs/tadpoles
- Toads
- Newts
- Fish
- Water fowl
- Insects with wings eg dragonflies
- Insects that live on the surface of the water eg pond skaters
- Insects that lie under the water eg water beetle and dragonfly larvae
- Pond snails and worms
- Other:

Q8 Have you observed any other animals making use of your water feature? Please list the animals you have seen *

Birds stop to drink bathe ,insects
.....

Invitation to contribute to a 4Bs Garden Pond Map

We are creating a map showing the location of ponds and other water features in the 4Bs. If you would like your pond or water feature to be included in the map as a dot, **please use the what3words link to locate your property** <https://what3words.com/> and copy-paste the 3 words below.

.....

Invitation to provide a photograph of your pond

We would like to create a gallery of pond photos on the 4Bs Biodiversity website. If you would like your pond to be included in the slideshow **please send your photo(s) to biodiversityinitiative1@gmail.com**

4Bs PONDS FOR NATURE SURVEY

Creating a pond is one of the most important things we can do to help wildlife. Through the *Ponds for Nature* community project, the 4Bs Biodiversity Initiative team is conducting a survey of ponds and other watery habitats to help wildlife flourish. We will synthesise the results in a map and report for residents. If you have more than one pond please complete the form for each pond.

To find out more about our *Ponds for Nature* project, please visit [our website](#)

Q1 Which of these water features do you have in your property? *

- Bucket or tub sized pond?
- Car sized pond?
- Tennis court sized pond?
- Considerably bigger than a tennis court

Q2 Do you have any other watery habitats?

- Bird bath?
- Drainage ditch?
- Bog garden?
- Rain garden?
- Stream?
- Other:

Q3 Is your pond *

- formed naturally?
- or man made?
- a combination of natural and artificial

Q4 If its a natural feature does it contain water all year round? *

- Yes
- No
- Not applicable

Q5 What is the primary purpose of your pond or water feature? *

- Ornamental - to provide an interesting feature
- To provide an environment for ornamental fish
- To provide a haven for wildlife
- To store water
- Other:

Q6 What sorts of plants do you have in and around your pond? *

- Oxygenators
- Floating plants
- Deeper water plants
- Marginal plants

Q7 Which of these animals live in or visit your water feature? *

- Frogs/tadpoles
- Toads
- Newts
- Fish
- Water fowl
- Insects with wings eg dragonflies
- Insects that live on the surface of the water eg pond skaters
- Insects that lie under the water eg water beetle and dragonfly larvae
- Pond snails and worms
- Other: Grass snake

Q8 Have you observed any other animals making use of your water feature? Please list the animals you have seen *

Birds

Invitation to contribute to a 4Bs Garden Pond Map

We are creating a map showing the location of ponds and other water features in the 4Bs. If you would like your pond or water feature to be included in the map as a dot, **please use the what3words link to locate your property <https://what3words.com/>** and copy-paste the 3 words below.

4Bs PONDS FOR NATURE SURVEY

Creating a pond is one of the most important things we can do to help wildlife. Through the *Ponds for Nature* community project, the 4Bs Biodiversity Initiative team is conducting a survey of ponds and other watery habitats to help wildlife flourish. We will synthesise the results in a map and report for residents. If you have more than one pond please complete the form for each pond.
